REPORT

ON

"CONTENT MAPPING"

Understanding the need to polish the students before they join as intern in schools, college ensures that students get an **internship orientation** and acquire all skills required during internship. One such technique that Students need to know is the technique of **content mapping.** Under this technique students are taught how to organize content, make **Charts and flow charts** on the topic and create **Venn diagrams** to simplify a particular topic. These teachers under this technique train their students regarding how to teach in an instructional unit and improve their comprehension of new concepts. Students also get to know about the relationship that exists between various ideas and concepts.
